

# My Life! My Plan! Report: Pulaski High School

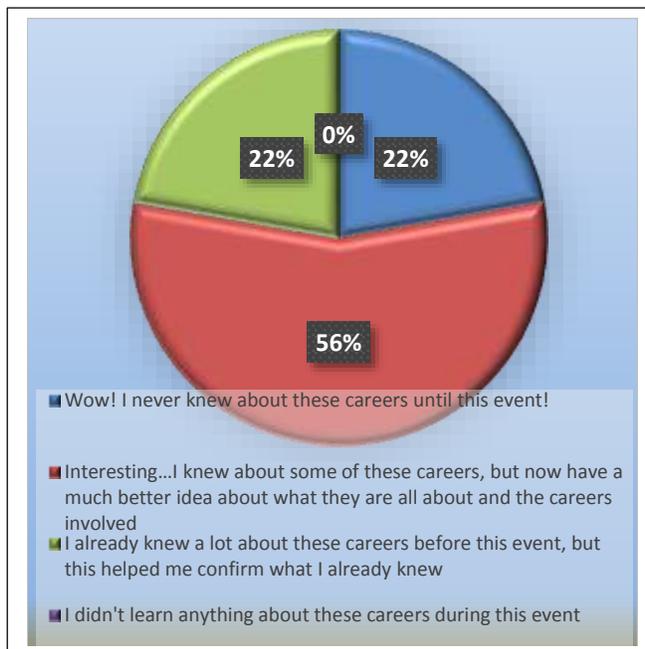

2014 - 2015 School Year

## Industry Focus: Automotive

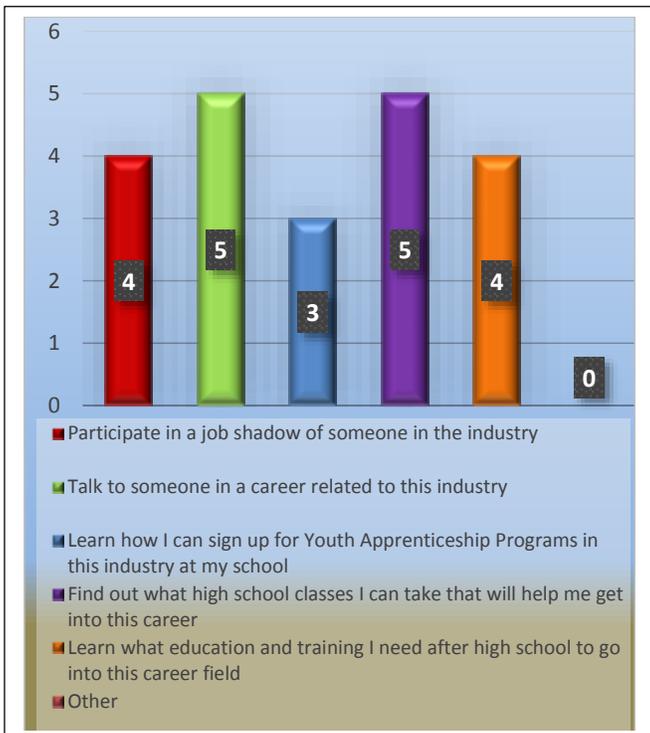

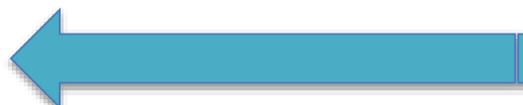

*My Life! My Plan! targeted the Automotive field on March 23, 2015 at Pulaski High School. With the help of the Wisconsin Automotive Truck Dealer's Association (WATDA), 6 volunteer Career Coaches working in the Automotive field in Southeast Wisconsin spent the morning with 27 highly motivated students interested in the Auto industry at Pulaski High School. WATDA representatives also gave a special presentation highlighting the opportunities related to this career field. This report showcases how this event influenced students' AWARENESS, INTEREST, and INTENT in pursuing careers related to the Automotive field.*

### How has this event changed what you know about Automotive careers?

### What will you do to further explore Automotive careers?

## How do the students feel?

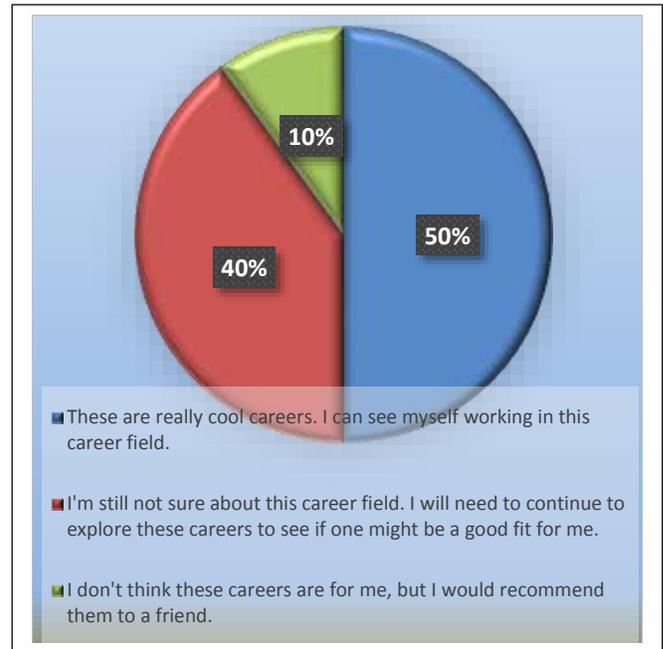

100% of respondents now feel more confident about making a career choice that would be a good match for their interests, abilities, strengths/skills, and talents.

100% of respondents now have a better understanding of the future education pathway alternatives that will help them achieve their career goals.

100% of respondents now have a better plan (or need to make adjustments to their current plan) for the classes, volunteer, and work experience, activities, etc. they need to take for the remainder of high school that will support their career goals.

	# of Students	# of Coaches	# of Workshops
March 23, 2015	27	6	1
Pulaski's Total	90	23	4
2014-15 MLMP Total	1,829	357	72

Based on what I learned from attending this event, this is what I will tell others about these careers:

*In addition to ensuring that each student has a positive and educational experience, My Life! My Plan! aims to confirm that 3 primary goals are met during each workshop. At Pulaski High School, the following benchmarks have been successfully completed:*

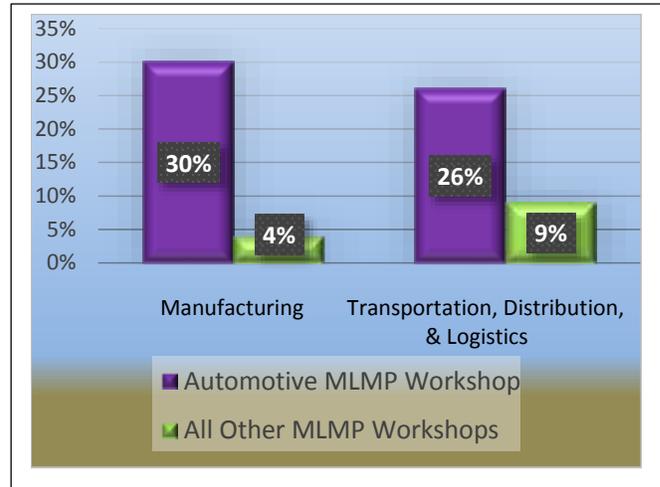

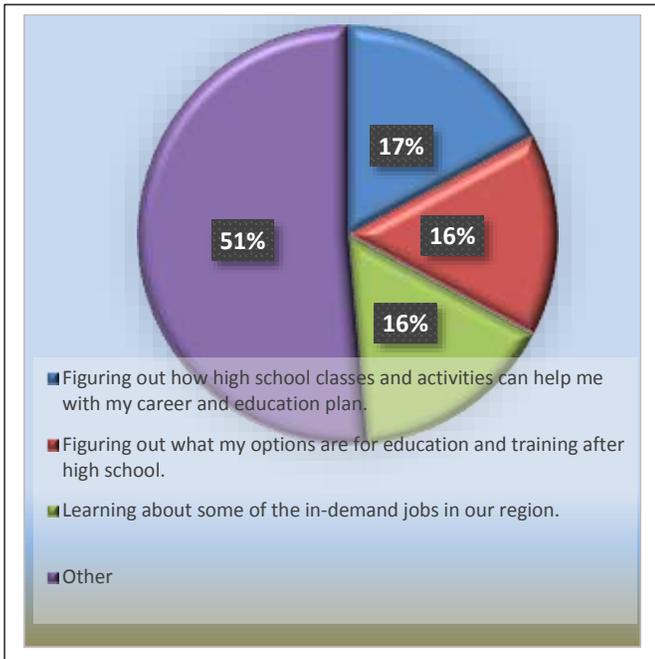

- ✓ 81% of all participating students have created short and long term goals by completing the "My Next Steps" worksheet - Please ask your coordinator if you would like copies for your review.
- ✓ 100% of participating students have identified a career or career cluster of interest and have saved it to their plan in Career Cruising.
- ✓ 100% of participating students have completed at least one interest assessment on Career Cruising.

At the end of each workshop, students were asked to identify their top Career Cluster preferences. After participating in the My Life! My Plan! workshop geared towards Automotive careers at Pulaski High School, an increase was seen in students interested in the Transportation, Distribution & Logistics and the Manufacturing career clusters when compared to the overall interest throughout all MLMP workshops:

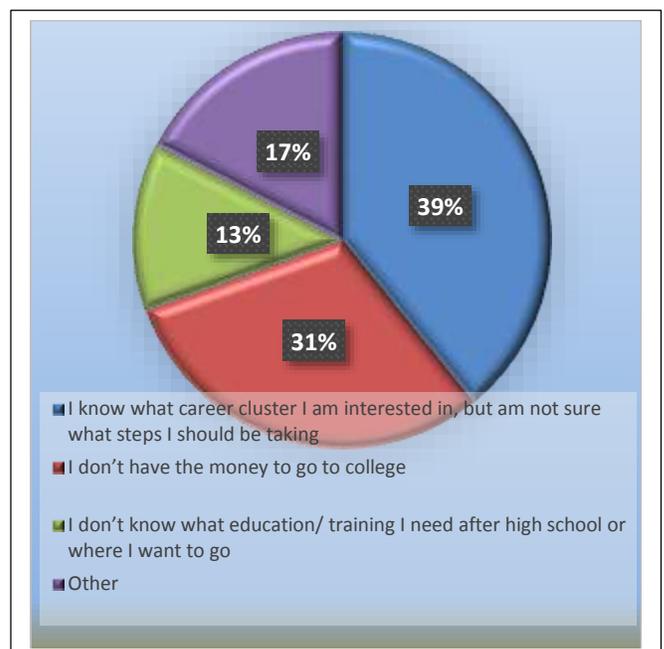

Students were asked...

What do you feel are the MOST important topics to research regarding your future career and education plans?

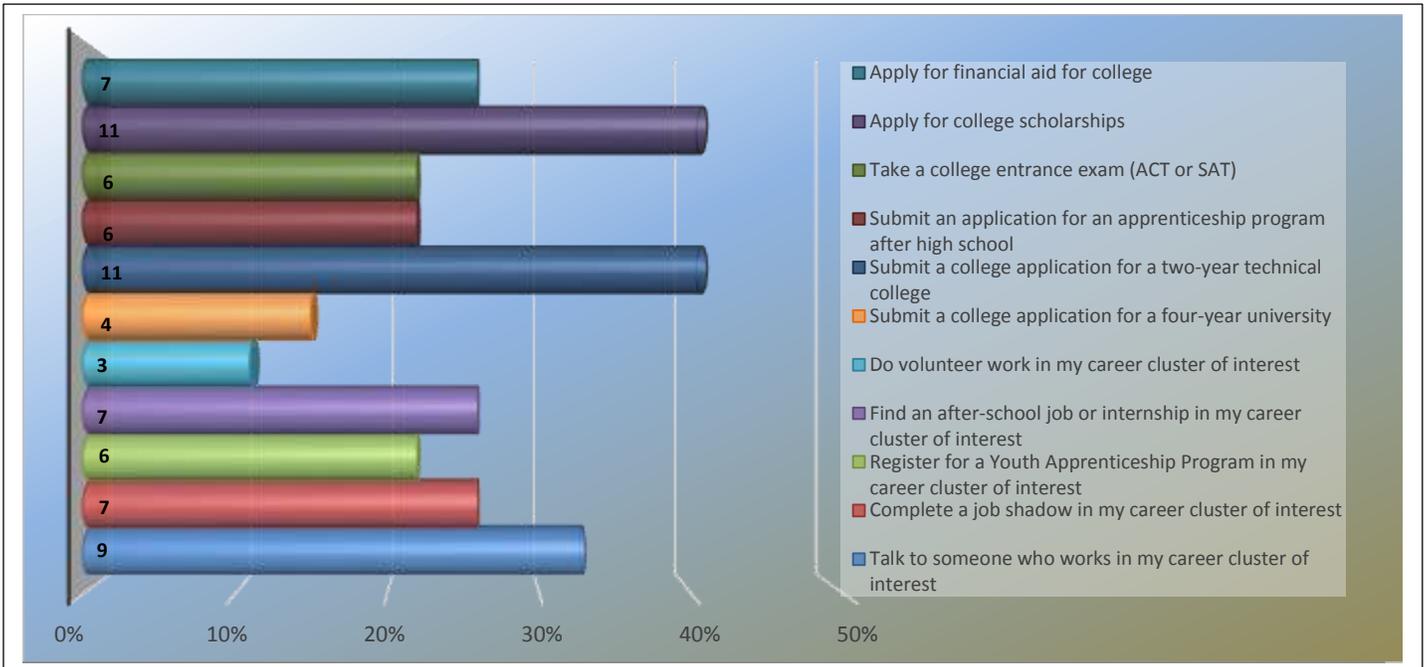

What is/are the greatest barrier(s) you face in achieving your career goals?

*"It was great getting one-on-one help from my Career Coach. The videos were awesome and really helped open my eyes to all of the opportunities out there."*

*-Pulaski High School Student*

Tell us about your future plans. Please select ALL the steps that you intend to complete as part of your plan.

My Life! My Plan! walks students through the first steps in exploring in-demand career pathways – but the work doesn’t stop there! At Pulaski High School, counselors will continue to work with the participating students, focusing on conducting various follow-up activities to further develop the students’ plans and encourage progress.

The My Life! My Plan! Career Coach volunteers play a HUGE role in the success of a workshop. At Pulaski High School, 100% of participating students have indicated that their Career Coaches made a positive impact on their experience. A special thank you goes out to the WATDA volunteers for the Automotive-focused MLMP workshop:
