

Sponsored by the Milwaukee Talent Dividend

MISSION STATEMENT

Giving youth and their families access to resources and information that will empower them to make informed decisions about their education and career choices by:

- learning about career clusters and pathways, especially pathways that will lead to jobs in southeastern WI
- having access to mentors from the business community who can help guide them through career and education decisions
- having access to programs, information and resources that will help them design a plan for their career and education pathways

Many students don't prepare themselves for a career path early enough because they don't know what career options exist in the Metro Milwaukee Area.

In 2012-2013

93% of students feel more confident in making career plans

90% feel better prepared for post-secondary education

86% feel they can now make better decisions about their high school courses and activities in order to prepare for their future career

After MY LIFE! MY PLAN!

2,551 students participated

IN 98 workshops during the year

742

volunteers from business community

GIVE YOUR EMPLOYEES A CHANCE TO GIVE BACK!

No previous coaching experience is necessary. Training will be provided.

In 2013-2014

75 workshops in

MILWAUKEE PUBLIC SCHOOLS

high schools

3-HOUR WORKSHOPS

Career coaches help students connect the dots between where they are today and their future career and educational pathways that will be in demand in the Metro Milwaukee region. Career coaches guide students through a career assessment and exploration that includes identifying the post-secondary education necessary to pursue a specific career pathway.

Workshop Activity

Administrator>Welcome/Agenda and Goals for Workshop; Introduce Facilitator
